Piam, the white city. Built from white rocks carved from the stones of the mountain range surrounding the [Blankwi Basin](#). Said to be founded by [Calli](#).

Background

Piam has always been a sight to behold. At first, you barely notice its existence, as the houses are as white as the sands that surround it. But as you come closer, you see that Piam is a green oasis in the otherwise blank Blankwi Basin. Water seems to be pulled from underground aquifers and many passagesways into these underground lakes exist.

Notable Features

The Ivory Tower

A headquarters for [The Beholders](#). The tallest building in Piam.

The Salted Stirge

A local inn, the PCs have spent a lot of time here.
