## Appearance

## History

She first met the heroes of the Rebirth campaign in a warehouse in [Kalzendil](#). After a complicated initial encounter, in which she tried to have [Will An](#) captured and the rest of the party killed, she agreed to provide them safe passage out of Kalzendil in attempt to escape a group of [cultists](#) and the [Shadows of Spefur](#), of which she revealed to be also a member. With her vessel, the Merchant's Maiden, she led the fellowship to the port closest to [Rudiana](#). Before parting, she wished the party to be careful in their journey ahead, as the very fate of the world could depend on it.
